

MOST INSURANCE AGENCY

To whom it may concern:

I hope that this letter finds you doing well. I would like to recommend Jim Brangenberg and Platinum Information Services to you. Most Insurance had previously had our own in-house IT guy, who at times did a great job for us, but at other times would really let us down, and those times seemed to be when we needed him the very most. We were really held captive to him, worrying what would happen as we tried to make a change. About eight months ago I met Jim Brangenberg, and was impressed with his knowledge, professionalism, and character. Over time we brought Jim and Platinum Information Services into Most Insurance to handle all of our computer, server, and IT needs. By partnering with Jim and Platinum we were able to rely on an entire team of IT professionals to manage our IT issues, while at the same time we were able to radically reduce our cost.

If you have computers, which I'm sure you do, I would highly recommend Jim and Platinum Information Services to you, they have been wonderful to work with, never pushy and always looking for ways to help us out.

Sincerely

Eric Most
